

MY FREEZER HERO

From a collection of desperate desk-job punk rockers who met overnight in a underground bar somewhere in the heart Luxembourg and who just couldn't get enough of those late 90s radio-friendly, party-makers tunes, is born My Freezer Hero. Their unique brand of entertainment fuses a hi-energy performance of radio hits packing plenty of juicy guitar riffs with punchy drums and tight bass - all led by an eclectic and charismatic frontman. Their energetic, full-on-fun show is built upon crowd pleasers, with sing-along guaranteed that will make you want to dance and party like it's 1999!

Now hailed as "Luxembourg only 90's rock true coverband" by local crowds, they performed at corporate events as well as private parties, adding loads of fun to any audience regardless of the venue size: from large outdoor stages, to city pubs and home basements, there is not a stage they can't rock on.

"You guys put up a crazy show - it was not great, it was beyond that!" said Samuel K., Country Manager at MIXVOIP, shortly after their concert at a corporate party.

Currently, the band is working out the details of their summer tour "Freezing Summer" Luxembourg. Don't miss the chance to see them live!
